This booklet is issued to Year 7 students of Francis Greenway High School. This booklet provides information to students and parents/carers about:

- (i) Assessment procedures and grades
- (ii) FGHS policy for late/non-completion of assessment tasks – Stage 4
- (iii) Applications for Illness/ Misadventure
- (iv) Malpractice
- (v) Assessment schedules for each course

## ASSESSMENT PROCEDURES AND GRADES

The purpose of assessment is to judge competence on the basis of performance. This judgement is made on the basis of evidence which may be in a variety of forms. Schools are responsible for awarding each student who completes a Stage 4 course a grade to represent that student's achievement in accordance with the A to E grade scales detailed below.

Below is a breakdown of the mark ranges for each grade, depending on the value or weighting of the assessment task. Included is a general description of student performance within this range.

Grade	10% Weight Mark Range	20% Weight Mark Range	General Performance Criteria <i>Students performing at this grade are typically;</i>
A	9-10	17-20	The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.
B	7-8	13-16	The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.
C	5-6	9-12	The student has a substantial knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.
D	3-4	5-8	The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.
E	1-2	1-4	The student has an elementary knowledge and understanding in few areas of the content and has achieved very limited competence in some of the processes and skills.
N	0	0	The student has not satisfactorily attempted the content, therefore failing to demonstrate the processes and skills.

Teachers will assess the student's actual performance, not potential performance. Assessment marks will not be modified to take into account possible effects of illness or domestic situations.

Schools may offer substitute tasks or, in exceptional circumstances, estimates based on other tasks.

Assessment tasks will generally be one, or a combination of:

- Scheduled tasks completed in-class under examination conditions.
- Hand-in tasks that are submitted via an online platform or handed-in by a due date and time.
- Practical assessments completed in class.

**At least two calendar weeks notice of the details of a task will be given. Tasks are due at the beginning of the lesson of that subject on the due date.** Students will sign the Assessment Task Register document when they have received their task, submitted their task, and had their task marked and returned. School reports will be issued twice during the school year. This report will show the student's level of achievement of relevant outcomes for each course.

#### FRANCIS GREENWAY HIGH SCHOOL POLICY FOR LATE/ NON-COMPLETION OF ASSESSMENT TASKS – STAGE 4

Assessment tasks will be scheduled to be completed / submitted to teachers on or by specified dates throughout each course. **Attendance, on the day the assessment task is either to be performed or submitted, is essential.** If a student knows beforehand that they are going to be absent on the day that an assessment task is due, or is to be conducted, the student must notify their class teacher beforehand.

1. If a student is unable to complete any hand-in assessment task, including online submission, by the due date, they may submit it unfinished and receive marks according to the quality of the work done.
2. If however, the student
  - (a) does not hand in any evidence of work on or before the due time/ date; or
  - (b) is absent on the day a **hand-in** assessment task is due, they will receive a penalty of 5% of the available marks per school day that the task is overdue. After 10 school days, they will receive a zero for that task.
  - (c) is absent on the day an **in-class** assessment task is scheduled, they will receive a penalty of 5% of the available marks per lesson that the task is overdue. After 10 lessons they will receive a zero for that task. The student must complete the task on the first lesson upon their return. Note: *An estimate may be given for a practical task if it cannot be rescheduled.*

3. If a student is found to have engaged in malpractice in an assessment task, they may be awarded a zero mark.

In either 2 (a), (b) or (c) above, the student may request *consideration for illness or misadventure*. See below for further information.

## APPLICATIONS FOR CONSIDERATION OF ILLNESS/MISADVENTURE

Students who have a special circumstance that prevented them from completing an assessment task by the due date or attend a scheduled test/ practical assessment, may request ***consideration for illness or misadventure***. This application is made by the student's parent/ carer providing a written justification to the class teacher or head teacher within two school days following the specified due date for the task, or by the second day of return to school after an absence which encompasses the due date.

An Application for Consideration- Illness/Misadventure requires the following information:

1. Written justification from parent/carers. Supporting documentation, such as a Medical Certificate, may also be provided.' *Note: written justification includes parent/carers communication with the school (SMS or phone call) to explain the student's absence.*

Applications may be in respect of:

- Illness or physical injuries suffered directly by the student which allegedly affected the student's performance in the assessment (e.g.: asthma attack, cut hand).
- Misadventure – any event beyond the student's control which allegedly affected the student's performance in the assessment (e.g., death of a friend or family member, involved in traffic accident).

### Limitations on Applications

Students may only apply in relation to circumstances that occur immediately before or during an assessment and that affect their performance in the assessment.

You cannot submit an application on the basis of:

- long term illnesses such as asthma, epilepsy, or glandular fever, unless you suffer a flare up of that condition during the assessment
- the same grounds for which you received disability provisions, unless you experience additional difficulties during an assessment

- Computer/printer/technology malfunctions or difficulties
- Misreading the assessment timetable, instructions, or notification
- Not understanding assessment commitment when on approved family leave

The application will be reviewed by the class teacher and the head teacher of the course. A determination will be made and a recommendation given. **Once this determination is made, the decision is final.**

## WHAT IS MALPRACTICE?

Cheating or malpractice is dishonest behaviour by a student that gives them an unfair advantage over others. Most students understand what cheating in an examination means, but there are other types of behaviour that are also considered cheating.

Examples of behaviour considered to be cheating include:

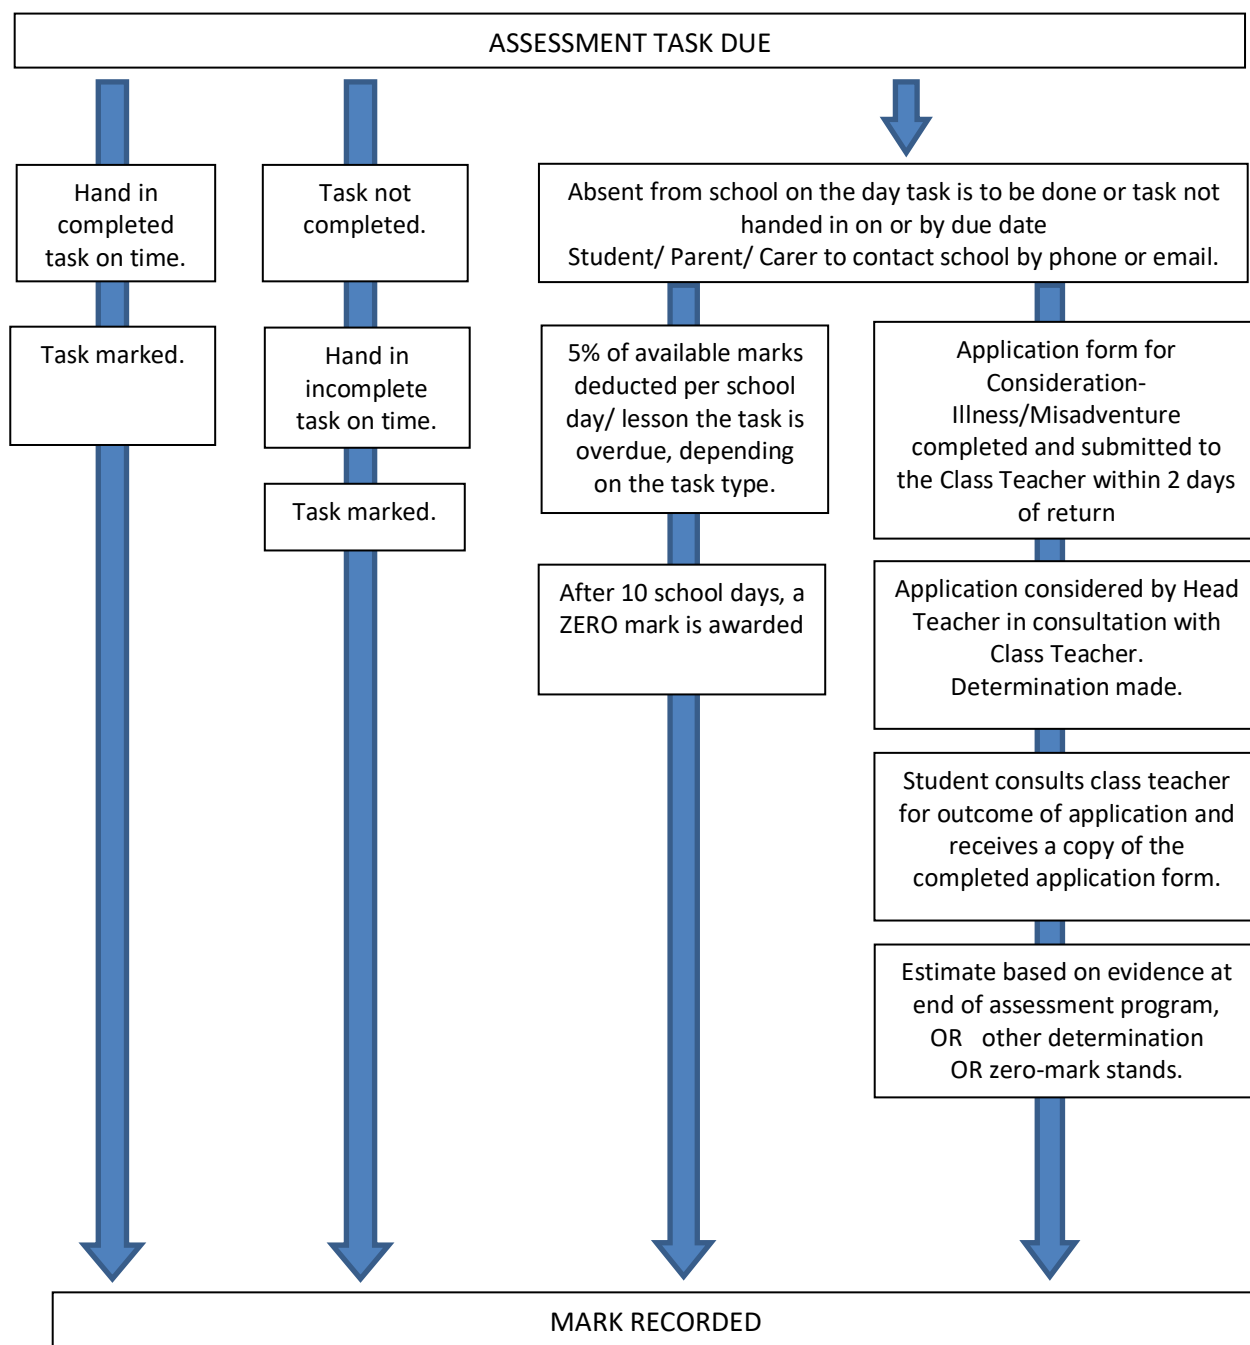

- copying, buying, stealing, or borrowing someone else's work in part or in whole, and presenting it as their own.
- using material directly from books, journals, CDs or the Internet without acknowledging the source;
- submitting work that contains a large contribution from another person, such as a parent, coach or subject expert, that is not acknowledged;
- paying someone to write or prepare material that is associated with a task, such as process diaries, logs, and journals.
- using any artificial intelligence software in any capacity.

These examples are generally referred to as **plagiarism**.

Students who submit work for assessment purposes that contain evidence of plagiarism may be awarded a zero mark for the task. A student may make an appeal. It will be the student's responsibility to prove to an appeals panel at FGHS that the submitted work in question is their own.

## ASSESSMENT FLOW CHART

If a student knows beforehand that they are going to be absent on the day that an assessment task is due, or is to be conducted, the student must notify their class teacher beforehand.
